

## Finland and Germany: “Finland joins the fray”, blog post by Gavia libraria (the Library Loon)

© 23.12.2016 external Joonas Lehtomäki

This **blog post** is an insightful outsider view from the US looking at the negotiations in Finland, Germany and the rest of Europe.

*Something the Loon is rather enjoying about the German and Finnish rhetoric is its resolute centering on open access. As usual, Europe is a few years ahead of the United States, where Big Deals are still (pace a few non-negotiables and the state of California) wholly price-fixated.*
